- **Nancy Lee** has been referred to a hospice type facility, as the doctors feel that there is nothing else they can do in the hospital to improve her condition. - **Barbara Sawyer's** sodium level did improve & she received her first chemo treatment in the hospital on Thursday. Pray that the treatments will be effective & she would react well to them.

Prayer Requests from the Drakes

Lindy will be working with Marlon, a Brazilian missionary and some Nyengatu men to do comprehension checking on portions of Genesis, Exodus and the book of Jonah. We will also have opportunities to spend time with our Guanano friends.

We have several prayer requests:

- that Carol would enjoy continued good health throughout the trip. This is the first time we have gone on an extended trip since she has been nebulizing. That gets kind of tricky when we are moving around, but we are confident the Lord is sending us and will take care of her.

- that the comprehension check would go well. That Marlon and friends may arrive safely in SG. The river is low and there are many rocks. That we all may have the stamina to concentrate long hours on what is being said by those who are telling us what they are understanding from the translation as Marlon reads it to them. That the Lord would highlight for me what is good and accurate translation and what needs some more work.

- that the Lord would enable us to be a blessing to our Guanano friends with whatever time we get to spend with them. I'm sure there will be opportunities to teach the Word, but we need to listen well to their needs and receive from the Lord the spiritual help He wants to give them. We need your help in prayer. Thank you for partnering with us.
